

How to Make a Leaf Turkey

A GOOD PROJECT TO ADDRESS DIRECTION
FOLLOWING SKILLS.

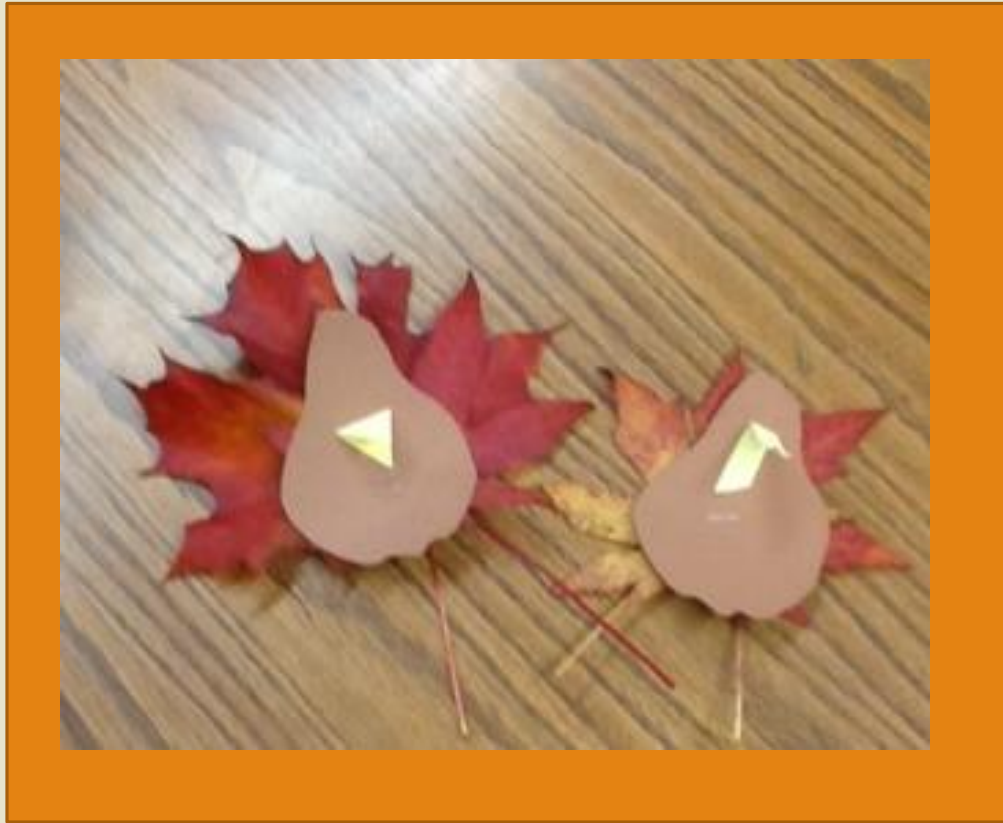

You will need

1. 2 Autumn leaves (Maple leaves work the best)
2. 2 small squares of red and yellow paper
3. Brown paper oval or pear shape for the body
4. 2 google eyes
5. Scissors
6. Stapler
7. Glue.

Put the two leaves behind the body shape so they look like feathers. The stems should hang out below the body to form legs. Staple them so the leaves are sturdy.

1. Cut a 1 inch yellow square.
2. Fold the yellow squares diagonally to make a triangle.
3. Glue it on the brown body for the beak.

1. Glue on the googly eyes above the beak
2. Make two circles with the red paper and glue them above the eyes for the comb and below the beak for the gobble.

Add signs and put them on a bulletin board to make a statement.
